

EXR EXPRESS SERIES RACK

Information & Specifications

EXR Express Series Rack

The **HSA EXL Express Series Racks** give you a fast and economical way to meet your needs, while not exceeding your budget. Our Express Series of products strives to meet the needs of our customers that need a fast, quality solution to your audio visual storage needs. Both the EXR14 and our larger sized model, the EXR18, are especially suitable for educational and professional environments, houses of worship, studios or any place that requires a space efficient but cost effective storage solution. The Express Series of racks are an elegant and easy way to beautifully blend audio, video and many other electronic systems into their surroundings for easy operation, moving and storage.

Materials & Assembly: Our new Express Series of products maintains the same high quality HSA standards you have come to love with a price you'll love even more. We have new quality high pressure laminate finishes featuring woodgrain reproductions. Woodgrain reproductions are beautiful, realistic looking and are getting harder to distinguish from natural wood. Additionally, the surface on the Express Series products is fade resistant, cost-effective and easy to clean, as well as being more hygienic than natural wood, due to the non porous surface - a great benefit for facilities with multiple users. Most of our Express Series products will also ship out in a fraction of the time as our standard HSA product lines. The normal estimated shipping time for the Express Series is up to 30 days with additional colors. Please contact your HSA representative for pricing and availability.

Convenient, Space Saving Design: The design of the EXR14 or EXR18 provide beauty and convenience, while offering a great way to fit your various space limitations and needs. Our lecterns come standard with rubber feet for stability and rack rails for convenient equipment installations. The standard features will have you set up and ready to go in no time!

- ▶ Our Express Series is our most economical and fastest to your door
- ▶ Most ship in 10 - 15 days
- ▶ Unique, modern designs
- ▶ Available in new high pressure laminate finishes
- ▶ Quality casters for easy moving
- ▶ Various options available
- ▶ Solidly & carefully crafted

Add-On Options: If our standard options aren't enough for your particular needs, you can add on one of our many user friendly options to enhance your rack and have all the features you need. You can add features such as standard casters, heavy duty casters, rear fan, doors, or fold down side shelves (available on either side). No matter your needs, HSA can help find a product with options that are right for you!

Finish Options: Our new Express Series currently features four new color options with dozens more available by special order. Every color is a high pressure laminate on a strong composite core which increases HSA's ability to provide affordable and beautiful options for all of your needs. All of the new high quality laminate finishes meet or exceed HSA's long standing quality standards, to provide you with the most durable and affordable option as quickly as possible, while maintaining a cost that fits your budget!

Express Series Benefits: HSA's Express Series strives to offer a high quality product with a shorter lead time than our Standard and Inspire Series. Even with adding various options, the Express Series can go from dock to door in a month or less in most cases. Whether you need a basic lectern fast, or want to add all the options, let HSA get you the item you need at the price you'll love in a time that will meet your deadlines!

Other special order colors are available. Contact your rep for pricing and availability.

HSA's high pressure laminates have a strong composite core that meets or exceeds our already high quality standards. In today's world, the non-porous surface is a feature you'll love just by itself. The surface is great for multiple users, as it is harder to embed the germs that can make you and your other users ill. The laminate surface is easy to clean and fade resistant as well. Another long lasting, quality product from HSA!

WARRANTY: HSA warrants standard products for a period of one year and covers defects in materials and workmanship. Wood is a natural material and every piece is unique. Deviations in the final products from each other or samples in finish, color, contrast, density and pattern are to be expected and is part of the beauty and appeal in wood products and are not considered defects under our warranty. The warranty does not cover improper installation or use of HSA products. The warranty also does not cover appearance or appearance items, finish items or any malfunctions caused by misuse or improper operation. HSA's liability does not include any consequential or resulting damage to person, property, equipment, goods, merchandise, profits, goodwill, or reputation arising out of any defect in or failure of product. HSA expressly disclaims warranty for a particular purpose and only designs and manufactures product according to dimensions furnished by the buyer or as stated in literature, website publication or drawings by HSA (which are subject to change without notice). HSA does not guarantee that another manufacturer's piece or pieces of equipment will fit into one of our designs or products as HSA does not exercise control over the sizes, arrangement, wiring or application of the other manufacturer's products or the end-user's operating preferences. Therefore the determination of whether or not equipment or a system will properly fit into an HSA product is a decision resting solely on the buyer prior to purchase. Warranty items will be repaired or replaced at our option without charge for materials or labor, provided such items are returned for inspection, transportation prepaid, to HSA, Inc., Mishawaka, IN.
